

# Funding Resources for Teachers

## Science by Nature – Transportation Grants

Through a generous gift of the Environmental Education Funders Consortium, Bay Area low-income schools have access to transportation grants through Science by Nature. See website for details: <https://www.evols.org/transportation-fund/>

## Donors Choose

Donor Choose is a website set up for public school teachers to request support from individuals, companies, and foundations for specific classroom needs.

<https://www.donorschoose.org>

## Whole Foods: Whole Kids Foundation

Given the right opportunities, kids *will* get excited about fresh fruits, vegetables, whole grains and other nutritious whole foods. Through Whole Kids Foundation grant programs, they're fostering easily implemented opportunities to connect kids to the roots of their food. A [school garden](#), [salad bar](#) or [bee hive](#) can help spark a child's curiosity and teach them to love fresh, nutritious, whole foods. Learn more about the Healthy Teachers Program, kids activities and garden grants: <https://www.wholekidsfoundation.org/teachers>

## Silicon Valley Education Foundation Field Trip Innovation Grants

SVE provides field-trip grants to teachers of any grade in Santa Clara County's 34 school districts, including teachers at charter schools. The foundation provides grants up to \$1,000 or up to \$1,500 for Collaborative Grants (2 or more teachers). The application is completed online. Teachers are asked to provide some general information about themselves, their school, and the classes they teach. Classroom Grants and Field Trip Grants both require:

- A descriptive project title
- Specific project/trip details
- An implementation timeline
- Budget Information

Generally, grants are awarded in December. See foundation website for details:
